Spirit AeroSystems 2018 Summer Manufacturing Program

In partnership with the Workforce Alliance Youth Employment Project, Spirit AeroSystems is hosting a paid manufacturing program for students aged 16-19 beginning in early June 2018.

The program, which is structured around select manufacturing processes in sheet metal, composites and machining, will offer students the opportunity to learn about tools and processes while providing hands-on training of some of the critical skills needed to succeed in manufacturing.

There are two separate program paths based on participants' ages:

16-17 year olds

June 8 - June 26, 2018
7 a.m.-11 a.m.
Monday-Friday

18-19 year olds

June 8 - July 26, 2018
7 a.m.-11 a.m.
Monday-Friday

INTERESTED?

Complete the following steps before April 7 to be considered for the program:

- ▶ 1. Submit your YEP Application at www.spiritaero.com/HSmfg/2018/apply
- ▶ 2. Register for a KANSASWORKS Plus account at www.spiritaero.com/HSmfg/2018/register
