---

**1. Purpose** The purpose of this writing is to define the broad requirements and responsibilities for the governance of Environment, Health and Safety for Spirit AeroSystems, Inc.

**2. Scope** This writing applies to all organizations, programs and Spirit Locations Worldwide.

---

**3. Requirements Detail** Spirit AeroSystems, Inc. is committed to protecting human health and the environment. As such, it is our policy to conduct and manage our business in a manner that protects the environment and promotes the

UNCONTROLLED WHEN PRINTED

health, safety and well-being of our employees and the surrounding community by employing the best control mechanisms, procedures, and processes, which are technologically sound and economically feasible.

We are committed to complying with applicable legal, regulatory and other requirements, pollution prevention, prevention of injury and ill health, and continually improving our performance. Our performance to the Environment, Health and Safety Management System and objectives are diligently reviewed to ensure we achieve the desired results.

At Spirit AeroSystems Inc., safety, health and the environment is everyone's responsibility.

3.1 All Spirit AeroSystems sites are required:

- 3.1.1 To have systems and processes in place to ensure compliance with all legal and other requirements,
- 3.1.2 To protect the environment,
- 3.1.3 To prevent injury and ill health; and
- 3.1.4 To continually improve performance of the Environment, Health and Safety Management System.
